**BRILLIANT BOOK**

5 out of 5 stars

The plot is excellent and has plenty of subplots to keep the reader enthralled. There are many levels to the story - the deeper aspects hold potent metaphysical secrets. Jules - the protagonist - like all of the characters, is very likeable. Of course there are demons to conquer and enough challenges to keep the 'good guys' occupied! Two Worlds is a super book. Well written and an easy to read page turner. 10 out of 10 \*\*\*\*\*
